

Let Your Product Be Seen With Our Fixed Windows!

Fixed Windows are perfect for Beer Caves applications and Supermarkets

Design incorporates the technologies used in the STYLELINE HybriDoor™ system that exceeds the EISA standard. This design eliminates the need for added heat and energy controller.

- High-performance, 3-pane, Low-E, Argon filled and fully tempered glass package.
- Excellent relative humidity protection in all three models listed below.
- The interior side of the Fixed Window Plus has a black vinyl trim that gives the interior a “finished” look without having to use optional trim frames kits.
- Reinforced installation fittings for mounting screws are provided for easy installation.
- Custom sizes available. Call for pricing and lead time.

Let Your Product Be Seen With Our Fixed Windows!
